

GRATITUDE AND APPRECIATION

PUPILS RECEIVING LESSONS IN THE NEW CLASS ROOM BLOCK

SOME OF THE NEWLY CONSTRUCTED DESKS FOR THE CLASS ROOMS

I wish to take the opportunity to express our gratitude and appreciation to the members of Friends of Africa under the leadership of Mr Marty Lynch.

One of the major challenges facing the Vicariate of Kontagora is the high rate of illiteracy among our local people. The illiteracy rate among is a high as 95%. One of the fastest ways to develop people is to give the qualitative education which is lacking in most public schools.

These schools are mainly

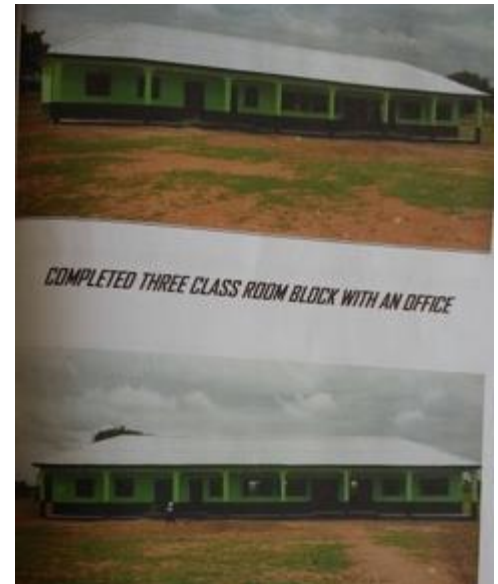

sighted in cities and towns. The remote villages where we have majority of the local people who are mainly peasant farmers have no access to education and many other social amenities as well. Hence, the Church took it upon herself to compliment the efforts of the Government in the areas of education and health. Our major challenge in the course is providing good and qualitative education is lack of funds.

It is on this note that I wish to sincerely thank the Friends of Africa for your generous donation forwards the construction of the three-class room block, office and toilets for pupils. With these structures completed the number of pupils will be doubled as we have more class

rooms to accommodate them. Please be rest assured of our prayer times and intentions and those of your generous donors during our prayer times and especially during the celebration of the Holy Eucharist.

While I sincerely thank you for everything, please accept my esteem regards and highest consideration at all times.
